Gene Hawley: 308 789 6122

#### **PRICE RANGE:**

\$3000 to \$7000

#### **REGISTRATIONS:**

Bull registrations will be transferred to you free of charge upon your request.

#### **PAYMENT:**

1/2 down when you select your bull, the remainder to be paid when you pick up the bull or the bull is delivered.

#### **GUARANTEE:**

Bulls selling for \$3,000 or more are guaranteed for 90 days from the first turnout against breeding injury. A credit of the purchase price less \$2,000 will be applied towards another bull if one is available, or if the buyer prefers, credit will be provided in the next year's sale. The buyer retains the salvage value of the injured bull, but is required to notify Hawleys Gen X Angus immediately so that inspection of the bull can take place. All notices must take place prior to September 1, 2024 and must include a letter of veterinary inspection pertaining to the injury including bull identification. This is not a mortality insurance policy, nor does it cover mismanagement or neglect. We do not cover injuries sustained prior to the breeding season if your bull is turned out with other bulls. We can assist you in retaining mortality insurance if you are interested.

#### **DELIVERY:**

Free delivery within 100 miles or deduct \$50 off purchase price of each bull if you are willing to haul your own.

#### **BOARDING:**

Free of charge boarding until May 1st.  
After May 1st will incur a \$2 per day charge.

#### **DISCOUNTS:**

Volume \$100/bull, Repeat \$100/bull

# *Hello from the Hawleys!*

I hope everyone reading this little note has been enjoying the mild weather we have been having. Every year seems to be farther from the "normal" weather I remember. Not only is the weather different, but time seems to go by faster as well.

Once again, we are selling registered angus bulls, by private treaty, here at our farm north of Arcadia, Nebraska. We feel we have a good set of bulls to offer, at prices we believe are as reasonable as you will find anywhere. Our bulls are raised on a high roughage ration which we are more than willing to share, if you are interested. You may notice that not every bull is pictured in this year's catalog, unlike in years past. Between the blizzards, mud, and Bryan contracting pneumonia, it just proved difficult to get them taken. Please don't let that deter you, there are a lot of very nice, picture-worthy bulls for sale.

I try to use some of this space to say thank you to the many people who keep us in this business. The first thank you goes to the customers past, present, and future, who have trusted our bulls to go to work for them. If you don't buy them, we can't sell them. Thank you to Will Kirwan for always being willing to do what it takes to get the job done around here, and his wife Candi, for understanding the days that often get very long. Chris Paider seems to keep coming to help when we need him for working cattle, putting up hay, chopping silage, and combining. We really appreciate him for that. Lastly, thank you to Stephanie Gould and Morris Press in Kearney for designing and printing this catalog. Your team's ability to work efficiently and effectively has made this project a success.

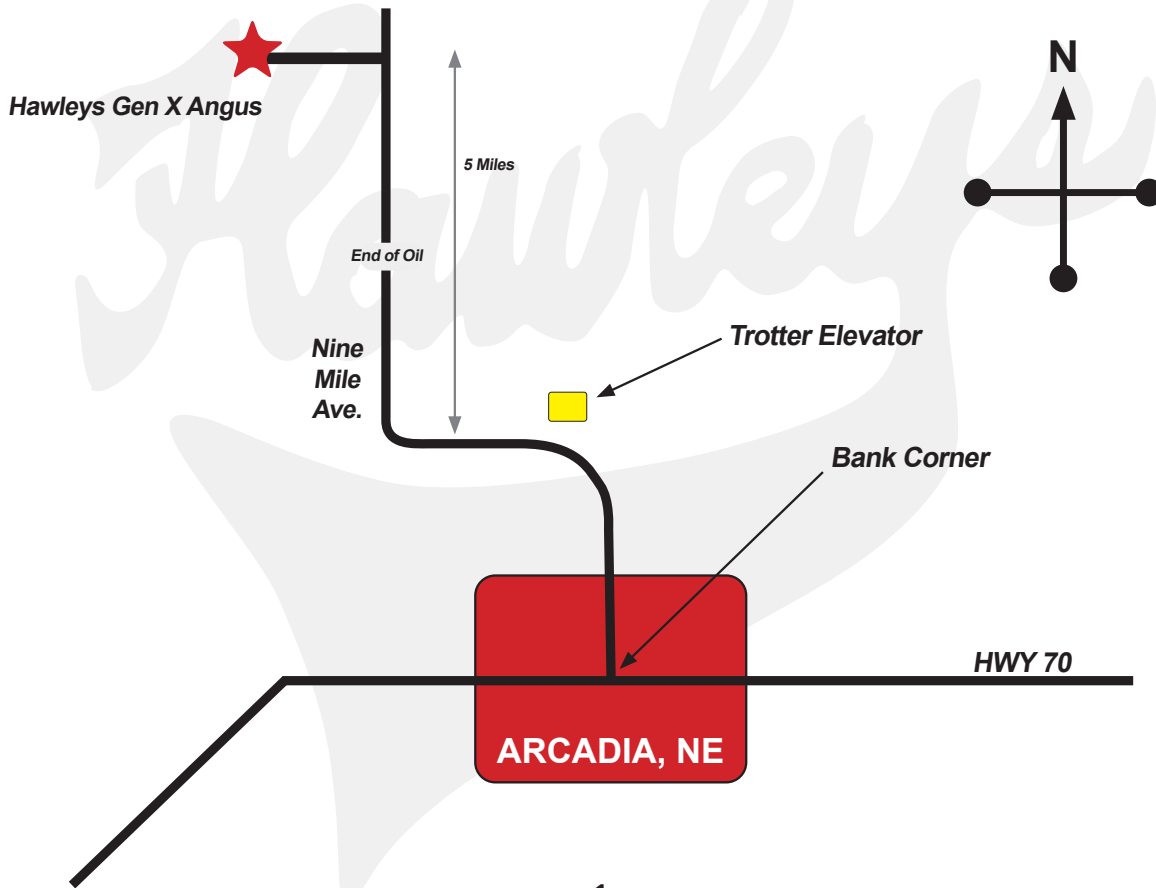

If you are needing a bull this year, we hope you will give us a look. We can set the day, and time, to what works for you. No matter what, we would love to visit with you about what is important to your operation. Not everyone needs, or wants, the same thing.

Please have a successful, and safe, 2024!

Sincerely,

Bryan Hawley

# GOD MADE A FARMER...

Twenty below, mud up to your knees, machinery repair bills that make you swallow hard, a calf that didn't make it, lower commodity prices....just a few of the things that make farming a profession for the strong. And farmers are strong. They work through any kind of the weather any time of day, they work while burning up with fever, they work as many hours as it takes to get the job done. There's no such thing as men's or women's work, it's just work that needs to be done.

At the end of the day a farmer can look back and see the tangible evidence of what has been accomplished. Newly tagged calves running with their mamas, or crops planted or harvested, depending on the time of year. Maintenance, or repairs on machinery and buildings to get through another season.

Farmers have a front row seat for the beautiful sunrises and sunsets. They get to marvel at the newborn calf standing within minutes to nurse his mama. Farmers witness friends and family pitching in to help when one of our own has an accident or a catastrophic event. Fortunately, we live in middle America where love for one another and our country is strong.

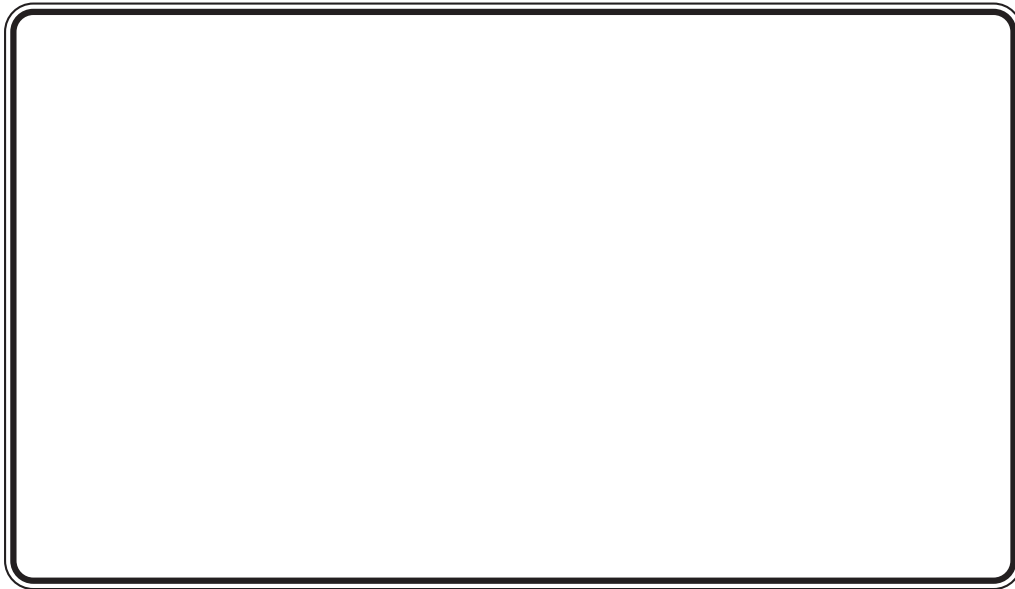

**Susan and her Guys:  
Preston, Adam, Bryan and Rick**

No one can say it as well as Paul Harvey did when he narrated "God Made a Farmer." As each new generation has fewer connections to the farm we often wonder if the majority of people have any understanding of what it takes to be in the profession that feeds the world. However, because we start and end our day with a prayer and say grace before each meal, we can continue to be strong and appreciate what God has given us, as we thank Him for the eternal Life He offers us in John 3:16.
